STRONG MOVEMENT OF PROTEST AGAINST SALOONS

Resolutions Passed Sunday by Many Churches
and Sunday Schools

MASS MEETING AT TEMPLE THEATRE WEDNESDAY NIGHT

People Praying County Judge to
Refuse Issuance of Liquor Licenses

ATTEMPT TO PUT LIQUOR SHOPS AT OAK HILL AND
AT MANNINGTON

In every Sunday School and Church in Earlington, White Plains, Mortons Gap, and some other points in Hopkins County on Sunday fervent resolutions of protest were adopted praying County Judge R. B. Bradley to refuse to grant license for the sale of liquor at Oak Hill and at Mannington. It is reported that petitions of remonstrance are being circulated and signed in the neighborhoods affected. A mass meeting of citizens of Earlington to be held at the Temple Theatre on Wednesday night, was announced from the pulpits of the town Sunday and a program has been arranged for that occasion. At Madisonville last night a meeting was held by a number of lawyers and other citizens to devise means to avoid the re-establishment of liquor shops in Hopkins County, there being now no place of any sort in which liquor is legally sold.

All church people and friends of temperance are urged to attend the meeting at Temple Theatre Wednesday evening. Prayer meetings will be adjourned in favor of the mass meeting. The Klab Kentuck Band will aid the movement by playing several selections as their part of the program. A company of singers will also take part by the rendition of inspirational songs. The invocation will be by Rev. W. M. Ragan. Short talks will be made by Rev. W. A. Grant, Rev. Howard J. Brazelton, Rev. J. M. Burden, W. A. Teumba and Prof. C. E. Bradley.

Mayor Dan M. Evans has been chosen as chairman of the meeting. Earlington people will be very materially affected if a liquor shop is set up at or near Oak Hill and all friends of temperance should attend the meeting and so register their protest.

The resolutions passed by the Earlington Sunday schools and churches Sunday were as follows:

Methodist Episcopal Sunday School

WHEREAS, It has been reported that application has been made to the County Court of Hopkins County for license to operate a liquor saloon at or near Oak Hill, and that application has also been made for license for a saloon at a point further south and near the Christian County line, and

WHEREAS, The proposed saloon site at Oak Hill is said to be within a short distance of the PUBLIC SCHOOL at that place, and

WHEREAS, The sentiment of the people of Hopkins County is overwhelmingly against the open saloon, and the physical and material the moral and spiritual welfare of all the people of the county demand that the open saloon be not reinstated within its bounds, now therefore

RESOLVED, That on behalf of the Christian people and especially on behalf of the CHILDREN of the county, the Sunday School of the Methodist Episcopal Church, South, at Earlington, in session assembled, respectfully and earnestly petition the Honorable Judge of Hopkins County Court to refuse the issuance of the aforesaid licenses for the establishment of liquor saloons in this end of the County.

RESOLVED, That the Congregation of this Church be requested to approve and join in these resolutions, in open meeting today, and that a copy of the joint resolutions of the Church and Sunday School be forwarded at once to the County Judge.

"WHEREAS, The good County of Hopkins has set a high standard within its borders, we believe that it is sufficient evidence that the good citizenship condemns any action that would bring this demoralizing agency back in our midst, therefore be it

"RESOLVED, That the Missionary Baptist Church and Sunday School of Earlington humbly beg the Honorable Judge of Hopkins County to refuse to issue said license.

"BE IT FURTHER RESOLVED, That a copy of these resolutions be sent to the Honorable Judge of Hopkins County, and a copy be spread on the minutes of the Church and Sunday School."

General Baptist Church and Sunday School

As our county judge Mr. Bradley has been petitioned by two parties in Hopkins County for license to sell intoxicants; therefore be it resolved that the General Baptist Church and Sunday School, of this city, pray and request him to withhold said license. Done and signed by the General Baptist Church and Sunday School, of Earlington, this the 26th day of Oct. 1918.

Christian Church

Resolutions adopted by the Christian Sunday school, Earlington:

"Whereas, it is reported that application has been made to the County Judge of Hopkins County for license to open and operate saloons at Oak Hill and Mannington, and,

Whereas, the opening of saloons in any part of the county, especially in parts without police protection, would disturb the peace and moral status now existing in the county.

"Therefore, Be it Resolved, By the Sunday School of the Christian Church of Earlington, in session assembled on Sunday, Oct. 26, 1918, that we petition and urge His Honor, Judge Bradley, to refuse, not only these applications, but any and all such petitions as may be hereafter presented to him."

WILL OPEN

NEW MIMES

Ben W. Robinson now at Equality, Ill. where he will make his home.

IN CHARGE OF IMPORTANT COAL MINE

Ben W. Robinson and family left for Equality, Ill., last week, where they make their future home. Mr. Robinson's resignation from position as general manager of the Victoria Coal Company, to take charge of a new operation in another state was announced several weeks ago in these columns. The new position to which he has gone is that of president and general manager of a new company organized to open and equip a new operation at Equality. The coal mine formerly operated at that place was flooded and wrecked by the high water early this year and an entirely new operation is projected. Mr. Robinson's long and varied experience as a mining engineer and manager of coal mining operations, which was begun as a young man some years ago in Earlington, has equipped him well to handle successfully such mining problems as he may undertake. The old mine at Equality was operated for many years and there were formerly several coke ovens operated in connection. The new mine will be opened in a manner to preclude any future trouble from floods and will tap a large body of untouched coal.

RESOLVED, That on behalf of the Christian people and especially on behalf of the CHILDREN of the county, the Sunday School of the Methodist Episcopal Church, South, at Earlington, in session assembled, respectfully and earnestly petition the Honorable Judge of Hopkins County Court to refuse the issuance of the aforesaid licenses for the establishment of liquor saloons in this end of the County.

RESOLVED, That the Congregation of this Church be requested to approve and join in these resolutions, in open meeting today, and that a copy of the joint resolutions of the Church and Sunday School be forwarded at once to the County Judge.

For Miss Coyle

Misses Mabel Browning, Geneva Huffaker, and Hazel Fawcett entertained with a handkerchief shower at the home of Mrs. Browning on Friday evening in honor of Miss Irene Coyle who is to be a November bride. The guest were the members of "The Ten?" and Misses Lucy Fawcett and Merrie King. In the course of evening a contest was engaged in, which consisted of wedding bells with Irene and Ellsworth on them. They were given five minutes to see how many words they could make out of them.

Mrs. W. R. Coyle won the prize which was a handmade handkerchief. Miss Irene Coyle was given a ball of twine and was told to follow it. After winding in and out of several rooms, she was finally led to the box which contained many beautiful handkerchiefs.

After these had been opened all went into the dining room where delicious refreshments were served. The table was decorated in yellow and white the colors of the entire decorations. The souvenirs were little white bags of rice tied with yellow ribbon on which were ten question marks and the date, November 29. The remainder of the evening was spent in music and the lively game of "crump." At a late hour all said goodnight.

AT The La Salle

The Girl and the Stampede, white cowgirls, cowboys and Indians galore, is romping across the boards at the La Salle Theater this week. At the new prices, prevailing at the La Salle a piece with so ornate a "production" as the girl and the Stampede is a purchase.

Applications For Liquor License
at Mannington and Oak Hill

PRETENSE OF THE LAW

Invoked by Applicants to Cover Real Purpose of Operating Dirty Doggeries

(The Hustler)

The applications for tavern license to sell liquor at Mannington and quartz license to sell liquor at Oak Hill have aroused the good people of that section of the county as they have not been aroused for quite a while. Mannington used to be a very tough spot when liquor was sold there, becoming so much so that even the Christian county authorities finally refused further license on that side of the line. It is now proposed to open a doggeries on the Hopkins County side under the application now pending, under the fiction of law which requires the applicant to prove that a tavern is necessary at that point for the convenience of the traveling public. The real purpose, however, is obvious—and that is to run a saloon, not a tavern. Nobody ever stops at a tavern at Mannington, and if they did, it would be dangerous to do so if a saloon was operated in connection with one.

The application for a quartz license at Oak Hill is equally vicious in its purposes. The men making the application have a mere handful of groceries, together with a soft drink stand, and the real purpose of the application is to sell "booze" primarily. They are not what they might be termed bona fide merchants but the claim of being bonified merchants is a mere pretense required by law, before their application for quartz license could be considered at all.

These facts are within the common knowledge of the court, and the Hustler predicts that Judge Bradley will not be long at throwing these applications summarily out of court in the interest of decency and the peace and good order of that section of the county.

P. S.—The stock of groceries at Oak Hill increased \$19 and the fixtures about the same, about two weeks ago.

Farmers Meet at Southards School House

Thirty farmers met Mr. Arnold and the county agent in an interesting meeting and together they talked over local conditions and what they can do to make the land produce more. This was one of the very best meetings it has been the agents privilege of attending and this surely speaks well for the farmers of this locality.

The following are the names of the farmers who will conduct demonstration work—Messrs J. B. Hulbert, S. T. Franklin, Dennis Teague, Lonnie Todd, C. B. Lafoon, L. L. Trevor, David Lamb, Lee Todd, R. L. Wilkins and D. C. Lafoon.

Handkerchief Shower

At the home of Mrs. M. B. Long, Thursday afternoon, Mrs. Long and Mrs. Dan Umstead gave a handkerchief shower for the benefit of their bazaar which will be December 9.

Forty were present and played games 'till the afternoon was spent when a delightful salad course was served by the ladies.

A large number of beautiful handkerchiefs were given. Mrs. Nisbet rendered several beautiful selections on the piano and Miss Long sweetly sang several popular songs.

Avoid Sedative Cough Medicine

If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. For sale by all Dealers.

HOUSEKEEPERS Must be Watchful

For great efforts are being made in this vicinity to sell baking powders of inferior class, made from alum acids and lime phosphates, both undesirable to those who require high-grade cream of tartar baking powder to make clean and healthful food.

The official Government tests have shown Royal Baking Powder to be a pure, healthful, grape cream of tartar baking powder, of highest strength, and care should be taken to prevent the substitution of any other brand in its place.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world.

WHERE THE UNREACHED MILLIONS OF THE WORLD ARE WAITING

Task of Gigantic Proportions Set for the Christians of America—Great Work of Congo Reform Association in Heart of Africa—The Magic Touch of Christ and a Glorious Awakening—Protestant Sunday School Army Now 28,701,489 Strong—Student Work in Japan—The Cost of Religion and Some Comparisons—Eighty Million Children Without the Light.

—BY SOUTHERN MISSIONARY NEWS BUREAU—
Ida Clyde Clarke—Editor

The emergence of Japan as a world force, the awakening of China, the ferment of social and political ideas in India, the quickening of national consciousness in Persia and the remarkable political and religious readjustment taking place in Moslem lands, from the island Sumatra on the east to Constantinople on the west, are conditions which will tax to the utmost the wisdom and faith of the Christian statesman who prays and plans for the extension of the kingdom of God in all the earth.

The task of evangelizing the world is one of gigantic proportions. To furnish one missionary to every 25,000 heathens the American churches must increase their force from 4,000 to 20,000 missionaries and their gifts from \$9,500,000 to \$40,000,000 annually. This is assuming that the Christians of America are responsible for 500,000,000 of the unevangelized. This, large as it seems, is less than one-fifth of what is spent on the churches at home, less than a street car fare a week per church member.

Of these unevangelized millions assigned to one denomination alone, 20,000,000 are in China, within that Gibraltar of missions at whose unyielding front missionaries have been pounding for more than half a century.

In an appeal to the people of this denomination, one of the secretaries says:

"In the Sunrise Kingdom of Japan there are 7,000,000; in Korea, that land of spiritual marvels, where the revival fires never wane, there are 2,000,000 broken-hearted people; in Brazil, the rich and wonderful land of the Southern Cross, there are 5,000,000; Mexico presents the problem and privilege of evangelizing 5,000,000 of her population; Cuba, the Pearl of the An-

tilles, nestles close to our shores and there 1,000,000 people await the glad tidings."

This constitutes an army equal to one-half the whole population of the United States. As one writer has said: They come from the East and the West, all open and friendly to us, vexed with vague unrest and full of unvoiced questionings. We are their hope, we hold their destiny in our hands. Shall we fail them?"

Great Work Completed

The Congo Reform Association formed nearly ten years ago, having finished the task for which it was created, recently disbanded.

It was through this organization that startling charges were brought against King Leopold of Belgium for his campaign of cruelty in connection with the gathering of crude rubber by the natives of the Congo basin. The association focused the attention of the civilized world upon an intolerable situation and brought to bear upon it all the forces of righteous public indignation.

The association had five objects, each of which has been attained. They were: The abolition of atrocities; the abolition of the main features upon which the slave system reposed; the separation of the administrative from the commercial element; direct taxation in place of irregular demands for rubber; freedom of trade.

The civilized world owes a great debt to the Englishmen who formed this association. For 25 years the Congo country was the scene of some of the most ruthless savagery ever practiced by white men upon a dependent people.

It is said on good authority that during the Leopold regime the Congo population was reduced from 20,000,000 to 8,000,000.

The Magic Touch

How often do we forget that

to the puny effort of a feeble man there may be added the infinite power that swings solar systems! A half dozen good women in the city of Amoy, heart-burdened with the thought of China's childhood suffering the tortures of foot-binding, met in the home of a humble missionary and decide to organize an anti-foot binding society. A few decades later an imperial edict abolished the custom and fifty million helpless babies were saved from intolerable anguish and crippled lives.

A Presbyterian missionary and a Methodist missionary doctor in the city of Soochow discuss the awful evil of a hundred and fifty million people debauched by opium and decide to organize an anti-opium society. A few years later a petition is presented to the throne signed by one thousand three hundred and thirty-three missionaries. A month later, in almost the identical language of the petition, an imperial edict is promulgated, prohibiting the habitual use of opium and making provision for the abolition of the traffic.

Which of the great reforms in China that have startled the world within the last twenty-five

years cannot be directly or indirectly traced to the touch of Christ upon the nation?

DR. C. F. REID.

Great Sunday School Army

The Protestant Sunday School Army of the world now numbers 28,701,489, or equal to one-third of the population of the United States. This is a gain over three years ago of 690,295 members. The most notable gains are in Asia where reports show 8,118 new schools, with 316,818 more pupils enrolled than there were enrolled three years ago.

Student Work in Japan

There are 600,000 students above the primary grade in Japan. A committee of missionaries has been formed to reach these young men and women with Christian literature and a little sheet called "The Morning Light" is being widely distributed. One of the Committee says: "We believe we can reach 100,000 students and that we can influence three times that many. We will soon be distributing 10,000 papers."

Fourteen student hotels in Japan have been made possible by

an American gift of 50,000. When Secretary Kim entered on his office two years ago there were but two Korean Christians in this student community and now there are eighty.

The Cost of Religion

Sometimes one hears the complaint that religion is too costly. Going to church we are told costs too much nowadays, and men say that the gospel should be preached without money and without price. "The Lutheran" makes this reply: "Last year about \$250,000 was spent to keep the work of 142,000 churches in America going—an average of about \$7.00 per communicant member. One would think that if religion is really worth much it should make much heavier demands on the purse than that. Confectionery and soft drinks, however, seem to be worth more to the American people than religion, for \$320,000,000 is spent for these articles. The automobile bill is double what it costs to run the churches, and the jewelry bill exceeds it more than

HOW WOULD YOU LIKE

To go To Palm Beach, St. Augustine and Jacksonville, Fla.,
at the Idle Hours Expense

ON THE 20TH DAY OF FEBRUARY

It will be nice, warm and sunny at Palm Beach, Fla., February, 20th. It will be cold, snowy and disagreeable in Earlinton on this date. Some young lady or otherwise will have an opportunity to get a free trip to the land of flowers on February 20th. This is the plan. The Idle hour will send the lady who sells the largest number of 10 cent tickets between November 10 and February 20th on a free trip, all expenses paid to Chattanooga, Tenn., Jacksonville, St. Augustine and Palm Beach, Fla. The trip will be made in a pullman car both going and returning and she will be accompanied by 100 other young ladies sent by the various picture shows throughout the country and under a suitable chaperone. Full particulars of the trip will be announced later.

Beans on a Stick.
Little Ethel was only four years old, and her mother was spending the day with a friend who had corn boiled on the cob on the table when dinner was served. Little Ethel had never eaten corn cooked this way before, but was very fond of it, and when she had carefully eaten every grain of corn from the cob, she passed the cob to the waiter and said, "Please, mam, put some beans on my stick."

Push Cart Fortune.
The proprietor of the finest cafe in Los Angeles formerly sold "hot tamales" from a push cart, and although he is now wealthy, he still preserves this old vehicle. In erecting a business block to house his modern restaurant he built a cupola just large enough to contain the old tamale cart, and it may be plainly seen from the street.

Always Comes High.
One trouble with experience is that we seldom get it at marked-down prices.

three times. The theatre and moving picture bill is equally in excess. Men and boys (and even some women) puff nearly five times the amount into tobacco smoke every year, and the large army of intoxicating lovers spend ten times that sum to satisfy a craving which means the ruination of millions of lives."

Eighty Million Untouched Children

There are over 80,000,000 Moslem children in the world, and Miss Von Mayer, writing from Samarkand, says: "I shall gather information as to numbers, education and morality of children here, but I cannot contribute anything as to the religious work

done, for not a single one of the one and a half million Moslem children in this field, at any time or any where comes into contact with Christianity." It is an undeniable fact that Moslem childhood has had a pitifully small share hitherto, in the ministry of the Christian Sabbath school.

Forty Years Work

About forty-four years ago, Rev. D. C. Greene and his wife went out to Japan as missionaries of the American board. Since then Dr. Green has been occupied with preaching, teaching, committee work and Bible translation.

He has gained an honored place not only among the members of his own mission, but is highly esteemed by foreigners and Japanese in all departments of life. Recently he has exerted his influence to promote good feeling between the land of his birth and that of his adoption.

In recognition of this the Emperor of Japan has conferred upon him the Third Order of the Rising Sun. Dr. Greene's share in the tremendous changes of forty years makes him worthy indeed of the honor that has come to him.

SEVERE BRONCHIAL COUGH

—

Doctors Feared Lung Trouble, Restored to Health by Vinol.

The medical profession does not believe that lung troubles are inherited, but a person may inherit a weakness or tendency to them.

Mrs. Kate Heckman, Springfield, Ohio, says: "A few years ago I was in a very bad run-down condition, and the physician told me I had consumption. I tried another physician, and he told me I had ulcers on my right lung. I quit the physicians and started on 'Vinol.' Today I am perfectly healthy, and that is why I recommend 'Vinol'."

'Vinol' soothes and heals the inflamed surfaces and allays the cough. 'Vinol' creates an appetite, strengthens the digestive organs and gives the patient strength to throw off incipient pulmonary diseases.

"Try a bottle of 'Vinol' with the understanding that your money will be returned if it does not help you."

"P.S.—For any skin trouble try our 'Sano' Salve.' We guarantee it."

ANNOUNCEMENT

We are authorized to announce Judge J. W. Henson as a candidate for Congress from the Second district, subject to the action of the democratic party.

"Thou Madest Me for Thyself." O thou God Omnipotent, who so carest for every one of us, as if thou caredst for him alone; and so for all, as if all were but one! To thee will I intrust whatsoever I have received from thee. So shall I lose nothing. Thou madest me for thyself, and my heart is restless until it repose in thee. Amen.—St. Augustine.
